ELECTRIC HOSPITAL BEDS

FURN-506: 4 SECTION

Hospital Bed Electric, E5000X, 4 Section Hi-Lo Including Trendelenburg And Built In Battery Backup.

- Single Button Cardiac Chair Position.
- Bio-Contour Profiling System.
- Angle Indicator on backrest.
- Backrest is paused at a 30° angle when raised.
- Dual sided emergency manual CPR release levers.
- Under bed light.
- L2300mm x W1030mm
- Height Range: 320mm x 760mm
- Folding Cotsides.
- SWL: 250kg

FURN-530: 4 SECTION

Hospital Bed, Electric E5000X, 4 Section Hi-Lo, Including Trendelenburg, X-Ray Backrest And Built In Battery Back-Up.

Optional Accessories: FURN-506/ FURN-530

MATT-119 (Pentaflex Pressure Reducing Mattress) MATT-121 (Comfort Care Plus Pressure Reducing Mattress) FURN-508 (IV Pole)
 FURN-509 (Lifting (Monkey) Pole Fixed Position) FURN-512 (Oxygen Bottle Holder) FURN-521 (Small Traction Assembly)
 FURN-522 (Urine Bottle Holder)

FURN-517: 4 SECTION

ICU Hospital Bed Electric E8000X, 4 Section With Integrated Controls In Split Cotsides, Trendelenburg And Built In Battery Back-Up.

- Single Button Cardiac Chair Position.
- Bio-Contour Profiling System.
- Angle Indicator on backrest.
- Backrest is paused at a 30° angle when raised.
- Dual sided emergency manual CPR release levers.
- Under bed light.
- L2350mm x W1030mm
- Height Range: 320mm x 760mm
- SWL: 250kg

FURN-531: 4 SECTION

ICU Hospital Bed, E8000X, 4 Section With Integrated Controls In Split Cotsides, Trendelenburg, X-Ray Backrest And Built In Battery Back-Up.

Optional Accessories: FURN-517/ FURN-531

MATT-119 (Pentaflex Pressure Reducing Mattress) MATT-121 (Comfort Care Plus Pressure Reducing Mattress) FURN-508 (IV Pole)
 FURN-509 (Lifting (Monkey) Pole Fixed Position) FURN-512 (Oxygen Bottle Holder) FURN-521 (Small Traction Assembly)
 FURN-522 (Urine Bottle Holder)

FURN-532: 4 SECTION

ICU Hospital Bed, E9000X With Integrated Controls In Split Cotsides, 4 Section Hi-Lo Trendelenburg And Built In Scale And Battery Back-Up.

- 4 Section Electric Profiling Bed-Electrically operated backrest, knee break, leg rest and height adjustment.
- Height adjustment via built-in Patient & Nurse Controls with Fowler and Vascular mode selection.
- Trendelenburg, Reverse Trendelenburg, Cardiac Chair position at lowest height.
- Battery Back-up, Dual sided emergency manual CPR release levers.
- Bio Contour Profiling System to give superior pressure reduction.
- Angle Indicators for Backrest & Knee break.
- Deck Sheets for easy cleaning and decontamination.
- Under Bed Light.
- Side Rails with built-in patient & nurse controls with "zero transfer gap" at lowest position.
- Four castors (anti-static) with linked braking/steering facility - pedals at foot end.
- Wall buffers at all four corners.
- SWL 250Kg.
- Integrated electronic patient weigh scale system with accuracy of +/- 500g. Weighing can be carried out with the bed in any position.
- Bed Exit Alarm system with audible warning if patient leaves the bed surface.
- L2350mm x W1030mm.
- Height Range 320mm-760mm.

FURN-533: 4 SECTION

ICU Hospital Bed, E9000X With Integrated Controls In Split Cotsides, Built In Scale & Anti-Entrapment, 4 Section Hi-Low, Trendelenburg And Built In Battery Back-Up.

FURN-534: 4 SECTION

E9000X with scale, AES, Xray.

Optional Accessories: FURN-532/ FURN-533/ FURN-534

MATT-119 (Pentaflex Pressure Reducing Mattress) MATT-121 (Comfort Care Plus Pressure Reducing Mattress) FURN-508 (IV Pole)
 FURN-509 (Lifting (Monkey) Pole Fixed Position) FURN-512 (Oxygen Bottle Holder) FURN-521 (Small Traction Assembly)

ELECTRIC HOSPITAL BEDS

FURN-523: MULTI FUNCTION

Citadel ICU Electric Hospital Bed, Multi-Function, Electric With Built In Scale.

Citadel T Patient Care System, built upon universal platform and designed to transition from a non-integrated to an integrated system, provides flexible patient care for hospitals that demand safety, security and efficiency from their bed frames and therapeutic mattresses in Critical Care, Step-Down and Med-Surg units.

- Integrated Therapy Surfaces
- Foot Pedal (Deck Up/Down)
- In Bed Weighing Scale
- Varizone Bed Exit
- Anti-Entrapment System
- SafeSet Visual Alerts

Convenience

- Radiolucent platform
- Length extension
- X-Ray sleeve
- Patient controls
- Foot powered controls
- Low bed height - 35cm
- Nightlight
- Battery back-up
- Bed Exit Alarm
- Back-up CPR

Clinical Benefit

- Head Angle Indicator
- Trenelenburg Angle Indicator
- Single Button Cardiac Chair
- Weight Capacity: 227kg
- SWL: 227

FURN-526: BARIATRIC HOSPITAL BED

Citadel Plus Bariatric Care Bed With Power Drive, Varizone, Anti-Entrapment System, Scale, SafeSet & Foot Pedal

- Power drive system control to facilitate one person to transport patient weighing up to 454kg.
- Varizone Patient movement and exit detection.
- Provides visual alerts through a safe set system.
- Hasan Anti-Entrapment system.
- Automated integrated weighing scale that weighs up to 454kg.
- One button chair positioning to lower the legs and abdomen of the patient.
- Hasan velarus pressure reduction mattress, which uses a self-adjusting technology to automatically adjust cushion pressure in response of patient movement.
- Citadel Plus incorporates 3 width expansion options. Variable width and length provides flexibility to accommodate different size patients and enable easier access through doorways and in elevators during transport. Width adjustment is always available even during power outages.
- Digital head of bed angle display provides clear information to assist caregivers in appropriate patient positioning. Automatic pause at 30 degree head elevation helps remind caregivers when this important angle has been reached.
- FURN-528 Velarus plus flex pressure reduction mattress, including bolster.
- Weight Cap: 454kg
- Safe workload: 522kg

HOSPITAL GYNAECOLOGY BEDS

FURN-507: ELECTRIC

Prima Electric Hospital / Delivery Bed, Electric Backrest And Height Adjustment With Accessory Trolley And Mattress.

Reliability and comfort for one greatest moments.

Prima birthing bed is an electrically operated delivery bed designed to provide the ultimate comfort and support to the mother, as well as efficient and reliable functionality for the delivery team through all stages of the birthing process.

- Safe working load (SWL): 200kg
- 150mm twin central locking castors
- Linak actuator
- ABS removable backrest
- High pressure compact laminated seat & castors
- Headend drop down side rails
- Integrated bed extension: 50mm
- Battery back-up
- Manual CPR backrest quick release
- Removable light weight head & foot board
- Trendelenburg tilt 14°, reverse Trendelenburg 12°

Overall length-bed configuration 2185mm
 Overall length-obstetric configuration 1635mm
 Bed extension length 550mm
 Mattress surface length-panel faces 2030mm
 Overall width 1000mm

Deck height range 485 to 850mm
 Trendelenburg and reverse 0-14°
 Mattress seat size 850x1350x125mm
 Mattress extension bolster 850x750x170mm

MANUAL HOSPITAL BEDS

FURN-502: 3 CRANK BED

Hospital Bed Manual, 3 Crank, 4 Section, Variable Height With Adjustable Backrest And Knee Section, Including Cotsides.

0-35°

0-68°

- Decksheets for easy cleaning and decontamination.
- Removable head and foot panels.
- Four IV poles sockets (Two at head and two at foot).
- Urine bag hooks and strap rail (Both sides of bed).
- Overall Length: 2125mm
- Overall Width: 985mm
- Wall buffers at all four corners.
- 125mm Locking castors.

Optional Accessories: FURN-502

MATT-067 (Standard 4 Section Mattress)
 MATT-121 (ComfortCare Plus Pressure Reducing Mattress)
 FURN-540 (IV Pole)

HEMOCARE BEDS

FURN-305: 4 Section Electric

Homecare Bed Electric, 4 Section Hi-Lo including Cotsides

- Electric three functions.
- Detachable ABS head and end bed-boards.
- Pedal locking castors.
- Aluminium cotsides.
- Powder Coated Mild Steel Frame.
- L2300mm x W1080mm.
- Height Range: 450mm - 780mm.
- Leg Elevation: 0° - 18°.
- Backrest Angle: 0° - 80°.
- SWL: 180kg.

Optional Accessories: FURN-305

MATT-064 (Standard 4 Section Mattress)

AIR PRESSURE MATTRESSES

MATT-018: BUBBLEPAD

Pressure Relief Bubble Pad Overlay Mattress+ Pump

- Easy to Use Adjustment Settings.
- Flame Retardant and Medical Grade Bubble Pad.
- Adjustable Hangers for Most Bed Types.
- Maximum Weight Capacity: 100kg.
- Pump Dimension: 25x12.5x8.5cm.
- Weight: 1.4kg.
- Mattress Dimension: 198x86x6.4cm.
- Weight: 2.0kg.

Ideal for prevention and treatment of patients at low risk of pressure ulcers. This light weight and compact alternating pressure pad is composed of 2.5"-high bubbles cells and it is used as an alternative to heavier products such as gel overlay mattresses. The system is great for short term usage and easy to install. With a pressure adjustable pump and extension flap on top and bottom sides of the bubble pad to prevent the pad from sliding, DOMUS1 is designed to be a great transition mattress for home care.

MATT-019: Tube

Pressure Relief Mattress- Overlay Mattress+ Pump

- Easy to Use Adjustment Settings.
- Easy to Clean Zip Cover to Reduce Fluid Ingress.
- Ventilated Low-Air-Loss for Patient Comfort.
- Heavy Duty Endurance Fabric Base Sheet.
- Maximum Weight Capacity: 140kg.
- Pump Dimension: 25x12.5x8.5cm.
- Weight: 1.4kg.
- Mattress Dimension: 200x80x10.2cm.
- Weight: 4.0kg.

A valuable overlay system designed for prevention and treatment of patients at low to medium risk of pressure ulcers. By having a series of individual cells inflate and deflate alternatively over a ten minute cycle, the pressure is periodically redistributed in order to mimic natural sleep movement pattern and avoid long term pressurization of tissue.

MATT-119: 4 WAY TURN

Pentaflex Pressure Reducing Mattress

- The Pentaflex Mattress is X-Ray translucent and suitable for CPR.
- It is available as a 4-Way Turn Mattress.
- Vapour Permeable.
- Water Resistant.
- Antimicrobial, Bacteriostatic and Fungistatic.
- Concealed Zip.
- Easy to Clean and Maintain.
- Clearly Marked Covers with Turn-Table guide and washing instruction.
- L1950mm x W860mm x D170mm.
- Individual Cells.
- Firm Edge Walls.
- Max Patient Weight: 250kg

MATT-121: 2 WAY TURN

ComfortCare Plus Pressure Reducing Mattress

- Single Sided Multi Zone Flexible Polyurethane Foam Mattress.
- 2Way Stretch.
- Mattress Depth 150mm
- Density 32-38kg/m3.
- Vapour Permeable.
- Water Resistant.
- Interstitial Anti-Microbial Agent Concealed Zip.
- Fire Retardant Weight of Mattress and Cover: 11kg.
- 2Way Turn.
- L1950mm x W860mm x D150mm.
- Max Patient Weight: 250kg

MATT-115

ComfortCare Pressure Reducing Mattress

AIR PRESSURE MATTRESSES

MATT-130

Alpha Active 3™ Overlay Mattress & Pump

Designed for the prevention and management of pressure injuries,¹ the Alpha Active® 3 pressure redistributing mattress overlay system is suitable for a range of care environments, including home and community care settings.

- 2 Modes of operation
- Active/Alternating mode: periodically redistributes pressure away from vulnerable areas by alternately inflating and deflating cells beneath the patient.
- Reactive/Static mode: cell pressure is equalised to redistribute the body weight over a greater surface area: suitable for patients unable to tolerate a moving surface.
- Variable pressure control settings – allows appropriate individual pressure settings to be set via simple control
- Audio & Visual alarms – includes Low pressure alarm, Power fail alarm and Pump fault alarm
- Modular construction – contributes to ease of cleaning and maintenance
- Transport facility – Cell pressures are automatically equalised, leaving an even surface
- Static head cells – 3 static head cells
- Top cover – vapour permeable and water resistant, incorporating 2-way stretch and bacteriostatic properties, welded option available.
- CPR deflate – rapid deflation function allows CPR to be performed.
- SWL: 135Kg

User friendly patient management system

Dartex top cover

Integrated audio & visual alarms

Modular nylon PU Cells

MATT-133

Alpha Active 4 Mattress Replacement System

Designed for the prevention and management of pressure injuries¹, the Alpha Active® 4 pressure redistributing mattress replacement system is suitable for a range of care environments, including home and community care settings.

- AutoFirm - Designed to provide a stable support surface to aid with patient transfer and nursing procedures
- Vapour permeable and water resistant covers incorporating 2-way stretch and bacteriostatic properties
- Integrated audio & visual alarms Includes low pressure alarm, power fail alarm and pump fault alarm
- Cell-on-cell designed to provide additional support and to help increase patient stability
- Electronic pressure setting – allows accurate and appropriate pressure settings to be set for various weight ranges
- Variable cycle times – In addition to a 10 minute cycle time, the Alpha Active 4 system offers the choice of an extended cycle period of 20 minutes, which may be desirable as patients begin to rehabilitate and the risk reduces.
- Active / Alternating mode: periodically redistributes pressure away from vulnerable areas by alternately inflating and deflating cells beneath the patient.
- Reactive / Static mode: cell pressure is equalised to redistribute the body weight over a greater surface area – ideal for patients unable to tolerate a moving surface
- Audio & Visual alarms – include: Low pressure alarm, Power fail alarm & Pump fault alarm
- Modular construction – contributes to ease of cleaning and maintenance
- Transport Facility – Cell pressures are automatically equalised, leaving an even surface
- Static Head Cells – 3 static head cells
- Ventilated Air Cells – designed to aid airflow within the mattress
- CPR Deflate – rapid deflation for CPR
- SWL: 200Kg

AutoFirm

Integrated audio & visual alarms

Cell-on-Cell

MATT-136

Nimbus 4™ Mattress and Pump

The Nimbus™⁴ system combines automatic adjustment of cell pressures, Heelguard and Wound Valve Technology providing effective pressure redistribution and enhanced solutions to a wide range of patient management challenges.

- Audible and visual alarms activated only when genuine intervention is needed for Power Fail, High or Low Pressure and Pump Fault conditions.
- Comfort control for additional patient comfort, minor adjustments to inflation pressures can be made using a comfort control dial, without affecting therapeutic performance.¹⁶
- 3 stage filtration provided by the bio-filter ensures only clean air is passed into the mattress.
- Vapour permeable and water resistant 2-way stretch cover offers pressure redistribution and comfort. This loose fitting top cover is attached to the mattress base by concealed zips to reduce ingress of unwanted fluids. The cover is also flame retardant, easy to clean and can be completely removed for laundering.
- Auto-matt sensor pad is designed to adjust cell pressures according to patient weight and positioning on the mattress.
- Anti-sink mattress design is made up of 19 deep "figure of 8" designed cells to support patients up to 250kg, providing active pressure redistribution for all patient types and all categories⁹ of tissue damage.
- Patented Wound valve technology consisting of 5 heel cells allowing the carer to permanently off-load ("float") the vulnerable heel, for those patients with limb ischaemia or existing wounds.
- Cable management reduces risk of injury to patient and/or carer by removing trailing cables.
- Transport facility seals air in the mattress for up to 12 hours, providing a uniform stable surface for patient transportation, moving and handling, nursing procedures and during periods of power failure.
- Patented Heelguard™ zone where bottom 5 cells provide maximum pressure redistribution through use of unique "power down" straps, keeping pressure at the vulnerable heel lower for longer
- CPR facility is a quick release, single handed operation, the CPR facility enables rapid air deflation for emergencies, short term physiotherapy, moving and handling or storage.
- SWL: 250Kg

<p>THEA-017 Gasassisted lithotomy stirrups with GelFoot pieces</p> 	<p>THEA-018 Mobile Trolley For gasassisted lithotomy stirrups (Optional)</p> 

Features:

- Zero pressure on legs, perfect protection on peroneal nerves
- All direction adjustment
- Easy, safe and accurate adjustment
- product weight: 12KG

Specifications:

Support arm length	97cm
Diameter of support rod	20mm
Range of vertical adjustment	≥110 °_110°
Range of horizontal adjustment	in ≥25°-out ≥9°
Adjustment range of boot support	310mm
Storage Cart	101x45x45cm
Safe Workingload	180kg

EMERGENCY PATIENT TROLLEYS

FURN-457
R200VH Transport Trolley

- Variable Height with cot sides
- Safe working Load: 180kg
- Gas spring assisted backrest (0-70 degrees)
- Collapsible stainless steel cot sides.
- X-ray cassette holder
- Trendelenburg/reverse Trendelenburg (12 to -8 degrees)
- Storage for patient belongings.
- Safety for both patient and carer.
- Compliance with new international standards
- Equipment that is robust and easy to use
- For use in the recovery area of the hospital
- 200mm castors.

FURN-447
LifeGuard20 Patient Stretcher/Trolley

- Safe Working Load 180Kgs.
- Lightweight with excellent maneuverability.
- Dual-side hydraulic foot pedals for height adjustment
- Gas spring assisted backrest adjustment (0 to 87°).
- Fold-down Stainless Steel safety side rails.
- Full-length radio-translucent mattress platform.
- Dual height push/pull handles.
- Spacious storage area for patients' belongings.
- Large diameter 200mm anti-static castors with two corner activated brake/steers system
- IV drip rod, storable beneath mattress platform
- Easy to clean

FURN-448
LifeGuard55 Patient Stretcher/Trolley

- Safe Working Load 250Kgs.
- Conventional X-ray and C-arm compatible.
- Dual-side hydraulic foot controls for height and tilt adjustment.
- Folding Stainless Steel safety side rails with 'extra-low' position for lateral X-ray.
- Gas spring assisted backrest adjustment (0-87°).
- Dual height push/pull handles.
- Integral folding IV drip rod, plus additional IV drip rod.
- Excellent height range (56-93cm).
- Large diameter 200mm anti-static castors with four corner activated brake/steers system.
- Easy to clean.

NEONATAL & CHILD COTS

FURN-223
Child Cot Bed Mobile - Including Mattress

- L1370mm x W760mm
- Drop down cot sides
- 2 locking castors

FURN-040
Child Cot Bed Mobile, Including Mattress, With Trendelenburg

- Tilt: -10/10
- Overall Size: L1560xW970xH1406mm
- Product Weight: 80Kg
- SWL: 150Kg

Optional
FURN-041: IV Pole for child cot bed

BASI-005K
Bassinette Complete With Crib And Mattress

- 50mm Rubber Castors

BASI-006G/BASI-006B/BASI-006P
Bassinette Complete With Crib And Mattress

- Height Adjustable: 780mm-980mm
- Forward/Reverse Trendelenburg
- Available Colours: Green, Blue, Pink

EXAMINATION COUCHES

FURN-320

Companion Chair Convertible

- Surface: Using hospital-specific leather, it has excellent corrosion resistance, anti-alcohol, 84 disinfectant, anti-UV disinfection, anti-aging performance, high wear resistance and durability
- Sponge: Made of high-quality foam cotton
- Tripod: high-strength cold-rolled tube, surface spraying treatment, with corrosion resistance characteristics

FURN-036:

Hospital Recliner Infusion Chair with IV Pole

Features

- Powder coated steel structure
- PU foam seat and back
- Painted wood arm
- Adjustable 3 positions
- With basket at side
- Includes IV pole

Specifications

- Unfolding Size: 70 x 770 x 1300mm
- Folding Size: 700 x 770 x 1080mm

FURN-323

Chair Convertible To Bed

- Waterproof, fire retardant vinyl cover chair top
- Three sections, back, seat and leg with high density foam
- Folding size approx. 1860x680x400mm
- Unfolded size approx. 660x680x400mm
- Back height approx. 93cm
- Ergonomic armrest
- Chair can be extended to a bed and converted back to a chair.
- Mounted on swivel and heavy loading castors
- Heavy loading capacity

EXAMINATION COUCHES

FURN-005

Examination Couch With Adjustable Backrest.

FURN-039

Standard Gynae Examination Couch With Adjustable Backrest, Drop Down Leg Section, Including Stirrups.

FURN-061

Examination Couch With Face-Hole And Adjustable Backrest.

ELECTRIC EXAMINATION COUCHES

FURN-514

Electric Gynae Examination Couch - Fully Electric With Battery Back-Up.

- Electric Gynae Exam Couch - fully Electric with Battery Back-Up, features improved access and enhanced comfort for the patient. Effortless Adjustment is ensured by electric motors for height and tilt.
- SWL: 260kg, including battery back-up.
- Removable leg section.
- Retractable rubber castors & Adjustable foot for uneven floors.
- Stainless steel tray.
- Electric backrest.
- Fold down Loop Arms.

FURN-515: SECTION 4

Electric Gynae Examination Couch - With Manual Backrest

FURN-556

Electronic Height Adjustable Plinth - 3 Section

- Safe working load and lifting capacity of 240kg (528lbs).
- Gas assisted head section is adjustable from -25° to +75°.
- Gas assisted backrest adjustable from horizontal to 80°.
- Head section and backrest incorporated anti-trap design.
- Excellent height range from 4cm to 98cm.
- Retractable wheel design with adjustable foot for stability on uneven surfaces.
- Breathing hole and plug included as standard.
- Purpose made precision bearings on all pivot points.
- Clearance beneath frame for mobile hoist.
- Handswitch fitted as standard on electric models.
- Standard width 65cm.

FURN-550

Examination Couch Electric Height Adjustable, Gas Spring Back Rest.

- Gas spring assisted backrest.
- Steel structure with epoxy coating.
- Two sections.
- Load capacity 250kg.
- Locking castors for easy maneuverability and safety.

BEDSIDE LOCKERS & OVERBED TABLES

FURN-277BL

Bedside Locker ABS - Blue - LP110

- Length: 450mm x Width: 460mm
- Height: 860mm
- Top Size: 450mm x 460mm x 18mm
- Top Material: ABS Construction
- Body Material: ABS Construction
- Pullout drawer front doubles as handy flat surface
- Castors: 55mm
- Retractable towel rails
- Internal shelf
- Large bottom shelf
- Open bottom shoe shelf

FURN-121BL

Overbed Table ABS Plastic Hi-Lo Blue - HT110

- Maximum height: 1115mm
- Minimum height: 770mm
- Top size: 900mm x 395mm
- Top Material: ABS Plastic
- Column Material: Mild steel frame
- Castors: 50mm
- SWL: 25kg
- Infection control (smooth non-absorbent surface)

FURN-201

Bedside Locker Epoxy Coated Steel, Wooden Bavarian Top

- Manufactured from mild steel epoxy coated finish.
- Suppawood Bavarian Top
- One pull out drawer and one cupboard. Complete with one shelf inside
- 1x Chrome Plate Towel Rail
- Mounted on 4x50mm swivel castors
- Size: L430xW430XH755mm

FURN-121W

Overbed Table ABS Plastic Hi-Lo Laminated Beach Wood Top - HT110

- Maximum height: 1115mm
- Minimum height: 770mm
- Top size: 900mm x 425mm
- Top Material: MDF laminated beech timber
- Column Material: Mild steel frame
- Castors: 50mm
- SWL: 25kg

FURN-120

Bedside Locker Deluxe - Aluminium / MDF - L100

- Overall length: 500mm
- Overall width: 495mm
- Overall height: 870mm
- Top size: 470mm x 450mm x 18mm
- Top Material: MDF core
- Body Material: MDF with aluminium extrusion corners
- Castors: 65mm
- Dual side hooks to attach bags
- Pullout towel rail at the back of locker
- Large bottom shelf
- Plastic buffer to protect castors and walls

FURN-102

Overbed Table Split Top Tilting Blue - MT210

- Maximum height: 1040mm
- Minimum height: 720mm
- Split Top Inclination Angles: 24°, 31°, 37°, 42° & 48°
- Top size: 700mm x 425mm & 195mm x 400mm
- Top Material: MDF Timber
- Column Material: Mild steel frame
- Castors: 55mm
- SWL: 25kg

FURN-051

Bedside Locker Epoxy Coated with Drawer, Cupboard & 2 Towel Rails - Stainless Steel Top.

- Manufactured from mild steel epoxy powder coated
- Stainless steel top
- One pull out drawer and one cupboard, complete with one shelf inside
- 1x Chrome Plate Towel Rail
- Mounted on 4x50mm swivel castors
- Size: L430xW430XH755mm

ASDV-052

SaraStedy

SaraStedy™ Non Powered sit-to-stand aid

Description: SaraStedy can support early mobility initiatives by encouraging patients to be active during sitting to standing transfers. SaraStedy can support early mobility initiatives by encouraging patients to be active during sitting to standing transfers. SaraStedy enables a single caregiver to assist sit-to-stand tasks for patients of different sizes and clinical assessments.

Simplified everyday transfers

SaraStedy is a non-powered device.

*DSDC Dementia Design Accredited Product: The Dementia Services Development Centre at the University of Stirling has reviewed SaraStedy and awarded it a DSDC Product Accreditation Rating Class 1B.

- Pivoting seat
- Built-in seat handgrips
- Easy-to-open chassis
- Total-lock casters
- Total-lock casters

- ASDV-055: Sling for SaraStedy: Large

ASDV-060

Maxi 500™ Floor and patient lifting

Description: Maxi 500 floor lifter has been designed to help caregiver transfer dependent patients or residents in hospitals, nursing homes, home care environments or other assisted living centres.

- The friction solution reduces swinging of the spreader bar during patient transfers.
- In addition to the hand control, the powered features of Maxi 500 can also be operated from the control panel on the mast.
- The adjustable leg chassis, operated from the hand control, allows access for patient transferring to wide chairs, wheelchair or toilets/commodes.
- Low-friction castors, the rear two with brake to secure the lifter in position during storage and when lifting from the floor.
- Optional suspended scales support an efficient weighing routine.
- SWL: 227Kg

- ASDV-061: Maxi 500 TMElectric Hoist with scale
- ASDV-064: 4Point Sling Medium
- ASDV-065: 4Point Sling Large
- ASDV-066: 4Point Sling Extra Large

ASDV-062

Maxi Move Electric Hoist

Maxi Move™ everyday patient or resident transfer and repositioning

Description: Maxi Move is designed to enable a single caregiver to manage demanding everyday patient or resident transfer and repositioning tasks. It is a versatile solution that can be adapted using a variety of spreader bars to accommodate patient transfer needs

- Stable vertical lifting action keeps the patient at a constant distance from the mast and in a stable position during lifting and transferring.
- Integrated with the spreader bar is a powered dynamic positioning system (PDPS) that enables the patient to be repositioned in the sling, minimising the need for manual handling.
- Optional interchangeable spreader bars give caregivers a flexible system that also enables them to select from a comprehensive range of slings.
- Dual action telescopic mast, which can be combined with an extended jib, offers a wide lifting range for lifting onto beds and from the floor.
- Optional scale available, as well as three sizes of castors including extra-low to facilitate access under low couches and trolleys.
- SWL: 227Kg

Accessories

- Wide range of special purpose slings and stretcher solutions
- Optional: extended jib, scale (also available as an upgrade kit)

- ASDV-063: MAXI MOVE WITH SCALE
- ASDV-064: 4Point Sling: Medium
- ASDV-065: 4Point Sling: Large
- ASDV-066: 4Point Sling: Extra Large
- ASDV-068: Soft sling for stretcher frame
- ASDV-069: Padded sling for stretcher frame
- ASDV-067: Stretcher frame

PATIENT HANDLING & HYGIENE

ASDV-080

Tenor™ mobile passivesling lifter

ASDV-081

Tenor™ mobile passivesling lifter With Scale

Description: Tenor mobile floor lifter is specifically designed for lifting and transferring plus-size patients or residents.

- Curved jib design with a capacity to lift 320 kg/704 lb. The curved design maximises lifting clearance and is important for 360-degree rotation when patient is lifted.
- Using the 4-point bariatric spreader bar provides a wider gap between the shoulder and leg hooks. This distributes the patient's weight and is designed to reduce the squeezing forces from the sling.
- The ergonomically designed curved handlebar enables the caregiver to turn and manoeuvre in the care environment.
- The Tenor can be operated from the control panel on the mastor with the hand control, which enables the caregiver to stay close to the patient while operating the lifter.
- SWL: 320Kg

*Optional suspended scales supports an efficient weighing routine.

Optional Suspended Slings Available:

ASDV-082: Tenor Bariatric Padded Sling M

ASDV-083: Tenor Bariatric Padded Sling L

ASDV-084: Tenor Bariatric Padded Sling XL

ASDV-085: Tenor Bariatric Padded Sling XXL

ASDV-075

Carino™ versatile height-adjustable shower and hygiene chair

Description: Designed to reduce the number of transfers required for assisted showering and hygiene tasks such as washing, toileting and foot care, facilitating personal one-to-one interactions.

- Height-adjustability combined with a patented curved frame provide comfortable positioning and support for the patient or resident, while allowing the carer to reach their preferred working height at all times.
- The patient or resident may remain seated in the Carino as they are transferred to and from the bedroom as well as for showering, toileting and other hygiene tasks, thus reducing the number of transfers required for daily hygiene routines.
- Patented legrests provide adjustable support when resident's legs are raised for hygiene tasks on the legs and feet, and can swing away to facilitate transfers, allow the resident to use the foot rests, or provide caregiver access to the patient's lower body. When not in use, the foot rests can also be tucked away under the Carino to allow the caregiver to move freely around the device.
- SWL: 140Kg

ASDV-076

Carendo™ Multipurpose hygiene chair

Description: The Carendo multipurpose hygiene chair facilitates an efficient hygiene and showering routine within a single transfer, while allowing a comfortable working posture for the caregiver throughout the process.

- Height-adjustable and reclining, Carendo allows the caregiver and resident to reach their preferred height and position throughout the hygiene routine.
- Carendo is designed to allow a single caregiver to perform the full hygiene carer routine without additional equipment or assistance, including showering, toileting, hair washing, foot care, managing compression stockings, changing of incontinence pads and other discreet hygiene tasks, dressing and undressing, and transfer to and from the shower area.
- The CareRaiser™ function enables you to gently lift your patient or resident's lower body with the touch of a button, allowing access for performing discreet hygiene tasks while maintaining the patient or resident's dignity.
- The full-length backrest and sturdy armrests provide additional support for patients and residents with reduced upper body stability.
- Handset allows caregiver to operate the device while staying close to the resident. Emergency stop and emergency lowering buttons are clearly positioned on the side of the backrest.
- SWL: 136Kg

DIAGNOSTIC TOOLS

DIAG-010

Otoscope with reusable speculum OT10J

Specifications:
Direct illumination
3X magnification for the viewing window
2.4mm/3mm/4mm/5mm ear tips of two groups
The clip with integrated on/off switch
3200k and 6000k color temperature LED bulb
and XHL Xenon Halogen bulb to optional

DIAG-011

Otoscope set LED in soft case

Specifications:
Fiber optic illumination
3X magnification for the large size viewing window
2.4mm/3mm/4mm/5mm ear tips of two groups
The socket of ear insufflation bulb
3200k and 6000k color temperature of LED bulb
and XHL xenon halogen bulb to optional

PATIENT MONITORS

CP 150 Electrocardiograph

- 7" Colour, touch screen display for fast and easy entry.
- Instant-on feature powers the device up quickly and let you take an ECG at a moment's notice.
- Advanced filters for optimal ECG trace quality.
- Optional adult and paediatric MEANSEC interpretation software.
- Battery operation lets you easily transport your device to the patient.
- Store up to 100 test results on the device or transfer to a USB memory stick.
- Optional Spirometry -(Code)105660

105341

Trolley for CP150

105343

Cable Arm CP 150™ Electrocardiograph for 105341 Cart

ELI 230 Electrocardiograph

- Portable A4 paper compact 12 lead ECG with High-Resolution colour LCD display.
- Mortara Veritas Resting ECG interpretation.
- Choice of wireless (WAM) or traditional (Am12) ECG acquisition.
- Internal Storage: Up to 20 ECG records, external storage to USB memory stick.

EQUI-221: Trolley for IE12A ECG

ECGM-033: Biocare IE12A ECG

12 Channel ECG with interpretation

Features:

- Smart and portable design
- 8.9-inch high resolution TFT touch screen with 15-degree angle, easy to view
- Waterproof and full alphanumeric keyboard with shortcut keys, efficient in operation
- Broad frequency response 0.05~250Hz for weaker signal recognition and capture, more suitable for pediatrics
- Specific age and gender differential validity in Biocare CardioPro™ analysis program maximizes the accuracy of the ECG interpretation
- Unique ECG acquisition module with 3 independent keys streamlines the whole workflow
- ECG electrode placement diagram for lead connection guide and alarming
- Up to 300 seconds frozen waveforms reviewable and recordable
- Up to 300 seconds R-R analysis in 1 or 3 rhythms for easier in arrhythmia locating
- Cabrera mode available
- Support various file formats: Biocare, XML, DICOM, JPG and PDF
- Massive local storage for up to 1500 files
- 3 ways of file storage: local memory, SD card, USB flash disk
- ECG management software by LAN or WIFI (optional)

AED

EQUI-313

AED LeCor CorRes A102 Biphasic Adult & Pediatric

- Energy : 200-Joules Max
- Compact design
- LED Indicators
- Analysis Time 9 Sec
- Controls: Three Buttons
- Operating Temperature 0C to 50C
- Power: Non-rechargeable Battery
- Pediatric Pad: Optional
- Battery Options: BATT-085 (old version A6S Battery)
- Battery Options: EQUI-312 (A102 for Equi-313)
- Replacement Pads:
- EQUI-311: Adult
- EQUI-330: Paediatric

FIRST AID KITS

FIRST AID KIT
Government/ Factory Regulation
- REGULATION 3

- With Contents:
 - FIAD-015: Plastic Box
 - FIAD-005: Metal Box
 - FIAD-027: Refill Only

FIRST AID KIT
Government/ Factory Regulation -
REGULATION 7

- With Contents:
 - FIAD-061: Plastic Box
 - FIAD-054: Metal Box
 - FIAD-055: Refill Only

FIAD-026
Basic First Aid Kit for Home Use

- With Contents:
 - Refill: FIAD-008

FIAD-003
Essential First Aid Kit for Home Use

- With Contents:
 - Refill: FIAD-007

NKIT-001
Nurse Medical Kit Bag

- With Contents:
 - NWAT-001 (Nurse Watch)
 - INST-243 (Operating Scissor 13cm Sharp/Blunt)
 - THER-008 (Digital Thermometer)
 - STET-005 (Single head Stethoscope)
 - BDPR-050 (Pocket Aneroid Unit)
 - NBAG-001 (Nurses Medical Kit Bag) - Navy Blue
- NB: OTHER CONFIGURATIONS AVAILABLE ON REQUEST**

BASIC LIFE SUPPORT BAG

- FIAD-035: Empty
- FIAD-083: Incl. Contents

INTERMEDIATE LIFE SUPPORT BAG

- FIAD-032: Empty
- FIAD-081: Incl. Contents

ADVANCED LIFE SUPPORT BAG

- FIAD-031: Empty
- FIAD-002: Incl. Contents

SILICONE RESUSCITATION KITS
Autoclavable Silicone Resuscitator. Complete with Accessories

- RESU-001: Adult Resuscitator incl. Size 5 Mask
- RESU-002: Child Resuscitator incl. Size 3 Mask
- RESU-013: Neo Natal Resuscitator incl. Size 0 Mask

Accessories

- RESU-003: Resuscitator PEEP Valve Diverter (must work with PEEP Valve)
- RESU-008: Resuscitator PEEP Valve 10cm (must work with Diverter)
- RESU-021: Resuscitator PEEP Valve 20cm (must work with Diverter)

ACCESSORIES

- MASK-006: Resus Mask Size #0
- RESU-010: Resus Mask Size #1
- MASK-010: Resus Mask Size #2
- MASK-007: Resus Mask Size #3
- MASK-008: Resus Mask Size #4
- RESU-007: Resus Mask Size #5
- RESU-004: 600ml Re-breathing bag
- RESU-005: 2600ml Re-breathing bag

PATIENT MONITORS

AQUARIUS VITAL SIGNS MONITOR

- 8.4" TFT color LCD
- High resolution 600*800-Upto 6 parameter or 3 waveform display
- Powerful calculation (Hemodynamic, Dose, Oxygenation, Ventilation, MEWS, Renal function)
- Multi-selectable user screen options - Venipuncture mode, Spot check mode
- SpO2 support PV and PI, low perfusion 0.2%
- SpO2 pulse-tonemodulation (Pitch Tone)
- Wired/Wireless CMS, support HL7
- Graphical & tabular trend review (120 hours)
- Full disclosure waveform review and storage
- Built-in rechargeable battery
- EQUI-056: NIBP, PULSE
- EQUI-057: SPO2, PULSE
- EQUI-055: NIBP, SPO2, PULSE
- EQUI-050: NIBP, SPO2, QUICK TEMP
- EQUI-058: ECG, NIBP, SPO2, SKIN TEMP

MOUNTING OPTIONS

- EQUI-059: Mobile Stand
- EQUI-060: Wall Mounted Stand

VIRGO MULTI PARAMETER PATIENT MONITOR

- ÿ 3-Lead ECG, SpO2, NIBP, TEMP x 2
- ÿ 12.1" TFT LCD touchscreen, wide and flat design
- ÿ High resolution 800*600
- ÿ 8 waveform display, up to 12-lead ECG analysis
- ÿ Pacemaker detection
- ÿ 12hr trend data storage review plus 48hrs full disclosure waveform review on SD

- ÿ EQUI-360: Virgo Multi Parameter Patient Monitor
- ÿ EQUI-363: Virgo Parameter Patient Monitor with printer

MOUNTING OPTIONS

- ÿ EQUI-361: Mobile stand
- ÿ EQUI-362: Wall mounted stand

TAURUS MULTI- PARAMETER TOUCH SCREEN MONITOR

- 5-lead ECG, SpO2, NIBP, TEMP, Resp, PR parameters
- 12.1" TFT LCD touchscreen, wide and flat design
- High resolution 800*600
- 8 waveform display, up to 12-lead ECG analysis
- Pacemaker detection
- 12hr trend data storage review plus 48hrs full disclosure waveform review on SD
- Taurus monitor comes configured with and a Li-ion battery.

Optional

- EQUI-365: ECG Cable 12 Lead (if unit is supplied with 12 Lead module)
- EQUI-366: 2XIBP Kit (Factory fitted)
- EQUI-367: SideStream ET Co2 with accessory kit, (Factory fitted)
- EQUI-368: Built-in Printer (Factory fitted)

MOUNTING OPTIONS

- EQUI-369: Mobile stand
- EQUI-370: Wall mounted stand

PULSE OXIMETRY

EQUI-084
FINGER SPO2

- SPO2: Measurement range 70-99%;
- Pulse: Measurement range 30-235BPM;
- Colour Display: 6 Modes including Bar Graph
- Power: 2xAAA Batteries (optional), Auto Off after 8sec
- EQUI-083: Bluetooth

EQUI-168
Choice OXIMETER - Desktop MD2000A

- Compact and lightweight design
- LED & LCD Display
- Three display modes: SPO2 & PR, Bargraph, SPO2 Waveform
- Up to 100 patients information and 72 hours record storage
- 3 level audio & visual alarm settings
- Low voltage indicator
- Built-in rechargeable AC Battery
- Built-in thermal recorder
- Support wired LAN & Flash Disk
- Units supplied with Adult Probe
- Pediatric + Neonatal are available as optional extras
- Data transmission, storage, and replay.
- Various display modes
- 3 day record storage (100 patients information)
- Flash disk & wired LAN support

EQUI-334
Choice MMed PULSE OXIMETER - MD300M

- Handheld/Desktop
- High-Resolution back Light LCD
- Visual & Audio alarm
- 24Hr Record Storage
- Low Power
- Optional AC/DC Adapter power supply
- Compact design for easy handling
- Suitable for Adult; Paediatric and Neonatal Patients
- Power: AA Batteries or AC/DC adaptor
- Low Power Consumption

- Additional Accessories**
- PROB-058: Interface Cable
 - PROB-059: Adult fingertip probe
 - PROB-050: Y-Site paediatric probe
 - ACDC-005: AC Adaptor

OXYGEN REGULATORS & FLOWMETERS

OXYG-002
Nylon tail end (Xmastees) 50's

REGU-008
Pin index, click-style regulator

REGU-012
Bull-nose, click-style regulator

Conventional Style Regulators

- REGU-003: Pin index regulator
- REGU-005: Bull-nose regulator

FLOW-004
Single Metal Flowmeter

FLOW-026
Single Click Style Metal Flowmeter

FLOW-005
Double Metal Flowmeter

FLOW-027
Double click-style metal Flowmeter

OXYGEN THERAPY

OXYG-021
424L Oxygen cylinder with regulator & mask complete in sling bag

OXYG-035
Portable Oxygen concentrator 0-5L/min

- PSA technology
- Adjustable flow rate
- Dehumidity Function
- Timing: LCD show Record the accumulated working time of machine, accumulated time, set time.
- Flow rate: 0-5LPM
- Purity: 93% + -3%

EMERGENCY MEDICAL EQUIPMENT

FURN-078
Double Fold Stretcher

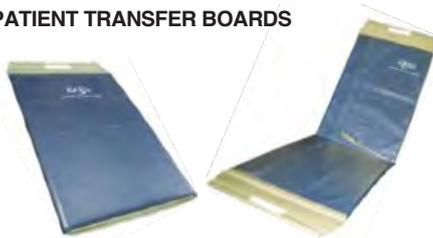

FIAD-028
Traction Splint Complete in Bag (Adult)

FIAD-085
Paediatric Immobilisation Stretcher, "Pedi-Immobilise"

PATIENT TRANSFER BOARDS

- FURN-128: Patient Roller Transfer Board 88x53mm (Half Size).
- FURN-165: Patient Roller Transfer Board 177x55mm (Full Size).

FURN-033
Scoop Stretcher Aluminium With Straps

FIAD-113
Basket Stretcher 2 Piece With Lifting Bridle Bar

FIAD-120
Vacuum Mattress Stretcher Complete with Bag & Pump

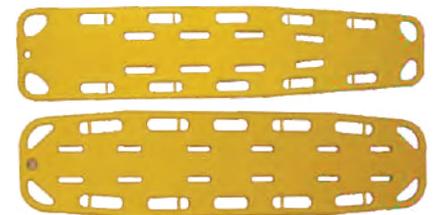

FURN-177
Self-Loading Ambulance Stretcher

SPINE BOARD

- FIAD-118: X-ray Translucent Plastic Full-Length
- FIAD-119: X-ray Translucent Plastic Half-Length

HEAD IMMOBILISER / HEAD BLOCK

- FIAD-038 - Adult
- FIAD-084 - Child

FIAD-074
Cervical Collar-Adult/Child Adjustable Lock Type

FIAD-074C
Cervical Collar-Child Only Adjustable Lock Type

FIAD-011
Extraction Devices

FIAD-064
CPR Board Plastic With Moulded Head Section

FIAD-030
Spider Harness

FIAD-125
EVAC Chair - 1 person carrying

FIAD-124
EVAC Chair - 2 person carrying

LED LARYNGOSCOPES

STANDARD

LARY-200

Set 4 blade MacLED Adult Incl. Medium handle & blade sizes: MAC#1; MAC#2; MAC#3; MAC#4 in a zipper case

LARY-201

Set 4 blade LED Paediatric Incl. Paediatric handle & blade sizes: MIL #00; MIL #0; MAC #0; MAC #1 in a zipper case

LARY-207
Handle: STD LED Medium

LARY-208
Handle: STD LED Paediatric

LARY-209

LARY-250
Replacement Lamp for F/OpticLED laryngoscope

LARY-251
Flexitip LED F/Optic Laryngoscope Set - 2 Blades

LARY-252
Flexitip F/Optic replacement Blade #3

LARY-253
Flexitip F/Optic replacement Blade #4

SUCTIONS

SUCT-011

Portable Phlegm Suction Unit (7E+H1)

SUCT-006

Portable Phlegm Suction Unit (7E-G1)

SUCT-012

Electric Suction Apparatus (7A-23A)

SUCT-003

Hand-held Suction Unit Max. Vacuum: 300mm Hg Canister Capacity: 300ml

SUCT-008

Pedal Suction Apparatus (7B)

SUCT-072

Suction Unit "BesCare" Rail Mounted Single Bottle for use with liners 1000ml

SUCT-073

Low Power Consumption Suction Unit: "BesCare" Rail Mounted Single 2000ml Bottle for use with liners

SUCT-074

Suction Unit "BesCare" Rail Mounted Double 2000ml Bottle for use with Liners

SUCT-075

Suction Unit "BesCare" Rail Mounted Double Bottle for use with liners 2000ml

SUCT-017

Vacuum Extraction Cups Silicone 60mm

SUCT-081

Suction Liners 1000ml (white)-without shut off valve (BesCare) 60's

SUCT-030

Vacuum Extraction Cups Silicone 50mm

SUCT-106

Suction Liners 1000ml (blue)-with shut off valve (BesCare) 60's

SUCT-025

Suction Filters For Electric Suctions

SUCT-107

Suction Liners 2000ml (blue)-with shut off valve (BesCare) 60's

SUCT-082

Suction Filters For Hydro VAC Gard

SUCT-108

Suction Liners 2000ml (white)-without shut off valve (BesCare) 60's

SPIROMETRY

SPIR-001

Spirolab: Portable, Desktop

- Standard new Spirolab®
- Spirolab® is the fast, simple, durable diagnostic TFT colour display.
- Standalone + PC Mode
- Includes 1 Year subscription to MIR Platinum software

Optionals:

- SPIR-014: MIR Spirometer Replacement Turbine reusable
- SPIR-015: Disposable Spirometer Mouthpieces with Filter SG302 (100's)
- PAPE-035: Paper MIR Spirolab Series 910350
- SPIR-018: Software 1 Year MIR SPIRO complete version
- SPIR-019: Software 2 Year MIR SPIRO complete version
- SPIR-020: Software 5 Year MIR SPIRO complete version

Included:

SPIR-002

Spirolab With SpO2 & Bluetooth, Portable, Desktop

- Spirolab® is the fast, simple, durable diagnostic spirometer with large memory capacity, built in printer rechargeable battery with 7 inch TFT colour display.
- Standalone + PC Mode
- Includes 1 Year subscription to MIR Platinum software

Optionals:

- SPIR-014: MIR Spirometer Replacement Turbine reusable
- SPIR-015: Disposable Spirometer Mouthpieces with Filter SG302 (100's) Spirolab®
- PAPE-035: Paper MIR Spirolab Series 910350
- SPIR-018: Software 1 Year MIR SPIRO complete version
- SPIR-019: Software 2 Year MIR SPIRO complete version
- SPIR-020: Software 5 Year MIR SPIRO complete version

Included:

SPIR-016

Hand Held Stand Alone & PC Based Spirobank II Basic 911020E1

- Spirobank is a fast, simple, durable diagnostic spirometer with large built in memory capacity, rechargeable battery & LCD screen
- Ideal for family doctors. High-resolution display screen, backlit for use in emergency medicine.
- The tests are analyzed directly on the display without having to connect to a computer.
- USB connection.
- Includes 1 Year subscription to MIR Platinum software

Optionals:

- SPIR-014: MIR Spirometer Replacement Turbine reusable
- SPIR-015: Disposable Spirometer Mouthpieces with Filter SG302 (100's)
- SPIR-018: Software 1 Year MIR SPIRO complete version
- SPIR-019: Software 2 Year MIR SPIRO complete version
- SPIR-020: Software 5 Year MIR SPIRO complete version

Included:

Direct connection to an External USB Printer
Winspiro Pro® PC software with free update

SPIR-017

Hand Held Spirobank II plus SPO2

- Ideal for family doctors. High-resolution display screen, backlit for use in emergency medicine.
- The tests are analyzed directly on the display without having to connect to a computer.
- USB connection
- Includes 1 Year subscription to MIR Platinum software

Optionals:

- SPIR-014: MIR Spirometer Replacement Turbine reusable
- SPIR-015: Disposable Spirometer Mouthpieces with Filter SG302 (100's)
- SPIR-018: Software 1 Year MIR SPIRO complete version
- SPIR-019: Software 2 Year MIR SPIRO complete version
- SPIR-020: Software 5 Year MIR SPIRO complete version

Included:

Direct connection to an External USB Printer
Winspiro Pro® PC software with free update

BLOOD LIQUID WARMERS

EQUI-165

- 100W Heating Element
- Adjustable temp Control Range
- Temperature Selectable: 30 °C
- 42°C-Automatic safety shut-off upon overheating

EQUI-166

- 300W Heating Element
- Adjustable temp Control Range
- Temperature Selectable: 30 °C
- 42°C-Display resolution 0.1 °C
- Automatic safety shut-off upon overheating

ELECTRO SURGICAL UNITS FOR MINOR PROCEDURES

EQUI-273

SURTON 50D is a RF electro surgical unit suitable for minor monopolar surgery.

- This 50W device offers pure cut and pure coagulation.
- SURTON 50 D offers outstanding professional surgical results due to its ergonomic and superior safety features

EQUI-224

SURTON 80W is a high frequency electro surgical unit which is suitable for light and medium surgery.

- This 80W device offers pure cut, coagulation cut blend, superficial coagulation forced coag, deep coagulation in absence of necrosis, soft coag and with a special adapter, bipolar coagulation.

DIAGNOSTICS

HBME-013

Hemo Test

- Digital HB Meter
- Incl. 25 Test Strips

HBME-014

Hemo Test

- Test Strips 50's

GLUC-010

GLUCOMETER

- ACCUCHECK Active Kit

GSTX-005

Accucheck

- Active Strips 50's

THERMOMETRY

THER-008
Digital Thermometer

- LCD Display, Waterproof,
- Fever Alarm, Beeper, Memory,
- Modern Design
- Very Accurate

THER-014
Thermometer Room, Plastic

THER-004
Dial Fridge/Freezer Thermometer

THER-032
Dial Fridge/Freezer Thermometer

- Bi-Metal Stainless Steel

THER-023
Digital Combination Hygrometer

- Humidity Measurement
- Temperature Measurement
- High & Low Alarm Function

THER-027
Digital Fridge/Freezer Thermometer with Alarm

THER-030/034
Min/Max Digital Thermometer

THER-018
Non-contact Infrared Thermometer

- 4 Key version
- Red & Green LCD display

NEBULIZERS

EQUI-180
Compressor (piston) Nebulizer

PEAK-003
Peakflow meter adult & child combined

- PEAK-006: Disposable mouth pieces

BATTERIES

BATT-011
Long Life C-Size alkaline Batteries (2's)

BATT-016
Long Life 9V alkaline Battery

BATT-018
Long Life R2032 Lithium Battery

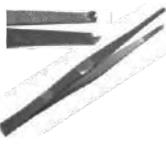

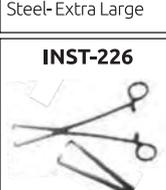

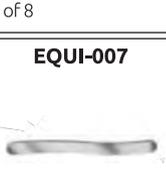

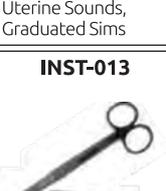

BATT-080
Long Life AAA alkaline Batteries (4's)

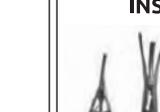

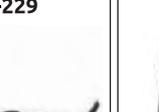

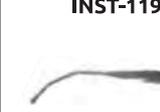

BATT-081
Long Life AA alkaline Batteries (4's)
