ELEVENONINE82
ENERGY SOLUTIONS

TABLE OF CONTENTS

ELECTROCARDIOGRAPHY	2
ECG—Stand Alone; ECG—Stress Testing; ECG—PC based; Ambulatory ECG Holter Machine; Ambulatory Blood Pressure Machine; Cardiopulmonary Exercise; Ergometers and Treadmills; ECG Disposable Electrodes	
PATIENT MONITORING	4
Venus Monitor Range; 15" Display, 3 multiconnectors; Vismo Monitor Range; Genesis Monitor Range; E-Series Monitor Range; SVM Monitor Range; Central Monitoring Stations; Connectivity; Medical Automation Software	
PATIENT MONITORING	6
Transport Monitor Range; Patient Monitor Input Units; Vital Signs Monitoring; Continuous EEG Monitoring; Telemetry; Pulse Oximeters	
MRI EQUIPMENT	7
MRI Patient Monitoring ; MRI Ventilators	
VENTILATION	8
Ventilators; Infant Ventilators and High Frequency Oscillators; High Flow Therapy and NIV; nCPAP Drivers; Air/Oxygen Blenders; Hospital Masks; Ventilation Accessories	
EMERGENCY CARE	10
Resuscitators; Emergency Ventilators; Extraction Collars; General Emergency Medical Equipment; CPR Assist Device; PEEP Valves; Defibrillators; Automated External Defibrillators	
THEATRE EQUIPMENT	11
Operating Tables—Electric; Operating Tables—Manual; Anaesthetic Machines; TOF Watches; Patient Warmers; Theatre Consumables	
HOSPITAL FURNITURE	12
ICU Beds; Ward Beds; Speciality Beds; Stretchers; Mattresses; Miscellaneous	
MATERNAL & INFANT CARE	14
Hybrid Incubators; Incubators; Transport Incubators; Infant Warmers; Cardiotocographs; Infant Resuscitators; Apnea Monitors; Super LED Phototherapy; Neonate Eye Shades; Bilirubin Meter; Cooling Machines; Bassenets	
SPIROMETRY	16
Spirometry Stand Alone & PC Based; Diffusion and Body Plethysmography Systems; Peak Flow Meters; FeNO Testing; Airway Oscillometry	
ULTRASOUND	17
Cart-Based Ultrasound; Portable Ultrasound; Handheld Ultrasound; Ultrasound Consumables	
NEUROLOGY	18
EEG; aEEG; EEG Accessories; EMG; IOM (Intraoperative Monitoring); Ambulatory EEG; Consumables: EMG, EEG, IOM	
DIAGNOSTIC EQUIPMENT: SLEEP	19
Polysomnography Systems; Polysomnogram Devices; Actigraphs ; Sleep Screening; Consumables	
DIAGNOSTIC EQUIPMENT: E.N.T.	20
Modular Diagnostic Stations; E.N.T. Diagnostic Instruments; Sphygmomanometers; Blood Pressure Monitors; Stethoscopes; Medical Camera System; Thermometers; Medical Lighting; E.N.T. Diagnostics Accessories and Consumables	
HOME CARE	22
CPAP/BiPAP®—Sleep Devices; Travel CPAP; Full Face Masks; Nasal Pillow Masks; Nasal Masks; Oxygen Concentrators; Portable Oxygen Concentrators; Finger Pulse Oximeters; Handheld Pulse Oximeters; Home Care Device Accessories	

TESTING EQUIPMENT	23
Electrical Safety Analysers; Vital Signs Simulators; Performance Analysers; Testing Software	
PATHOLOGY AND LABORATORY	24
Chemistry Analysers; Immunology Analysers; Haematology Analysers; Automated Urine Microbiology; Automated Fecal Microbiology; Immunofluorescence Analyser; Blood Gas Analyser; Vein Finder; Point of Care Analysers; General Laboratory Equipment	
BLOOD MANAGEMENT	26
Blood Collection Bags; Blood Collection Disposables; Blood Collection Equipment; Blood Collection Furniture; Blood Processing Bags; Blood Processing Equipment; Blood Infusion Warmers; Blood Storage Systems; Blood, Vaccine and Organ Carriers	
CLEANING AND STERILISATION	28
Washer Disinfectors; Steam Sterilisers; Steam Tabletop Autoclaves; Low Temperature Sterilisers; Bedpan Washers; Endoscope Washers (AER); Drying Cabinets; CSSD Furniture; Ultrasonic Washers; PS Pouch Sealers; Disinfection Accessories; Cleaning Detergents	
AIRWAY MANAGEMENT : VISUALISATION	30
Video Laryngoscopes; Laryngoscopes; Disposable Broncho Scopes; Single Lung Ventilation; Endobronchial Tubes; SLV Visualisation Tubes	
AIRWAY MANAGEMENT : GENERAL	32
Pharyngeal Airways; Anaesthetic and Resuscitation Masks; Supraglottic Devices; Endotracheal; Cuff Pressure Gauges; Cricothyrotomy Sets; Cricothyrotomy Ventilator; Intubation Guides for Difficult Airways; Breathing Circuits and Filters	
CONSUMABLES : INTERVENTIONAL	34
Fluid Management; Fluid Management Components; Inflation Devices; Sheath Introducer Sets; Angio Syringes; Guidewires; Percutaneous Drainage Range; Access Sets; Fertility Consumables	
SURGICAL PACKS	36
Draping Systems and Custom Solution Packs; Pack Component Categories	
OXYGEN, SUCTION AND DRAINAGE	37
Oxygen Flow Meters; Oxygen Regulators; Suction; Chest Drainage	
VASCULAR ACCESS	38
Central Venous Catheters; IV Cannulas; Winged Infusion Sets; Extension Sets; Flow Regulators; Needle-Free Connectors; Disposable Pressure Transducer Kits; Pressure Infusion Bags	
BLS & ALS TRAINING MANIKINS	40
BLS Adult CPR Training; BLS Baby CPR Training; BLS Baby CPR Training; ALS General Training; ALS Paediatric Training; ALS Trauma Training; ALS Simulation Training; ALS Airway Management Training; ALS Vascular Training; ALS Geriatric Training; ALS Obstetrics Training; ALS Rescue Training; ALS Choking Manikins	
ADVANCED WOUND CARE	42
Autologous Wound Care System	

ELECTROCARDIOGRAPHY

ECG—Stand Alone

Nihon Kohden

Cardiofax C ECG-3150K
3-channel interpretive resting electrocardiograph

Cardiofax S ECG-3250K
6-channel interpretive ECG

Cardiofax M ECG-3350K
12-channel interpretive ECG.
Synthesised 18-lead ECG software option available

ECG—Stress Testing

Nihon Kohden

Cardiofax V ECG-2450K
12-15 channel interpretive ECG, stress ECG

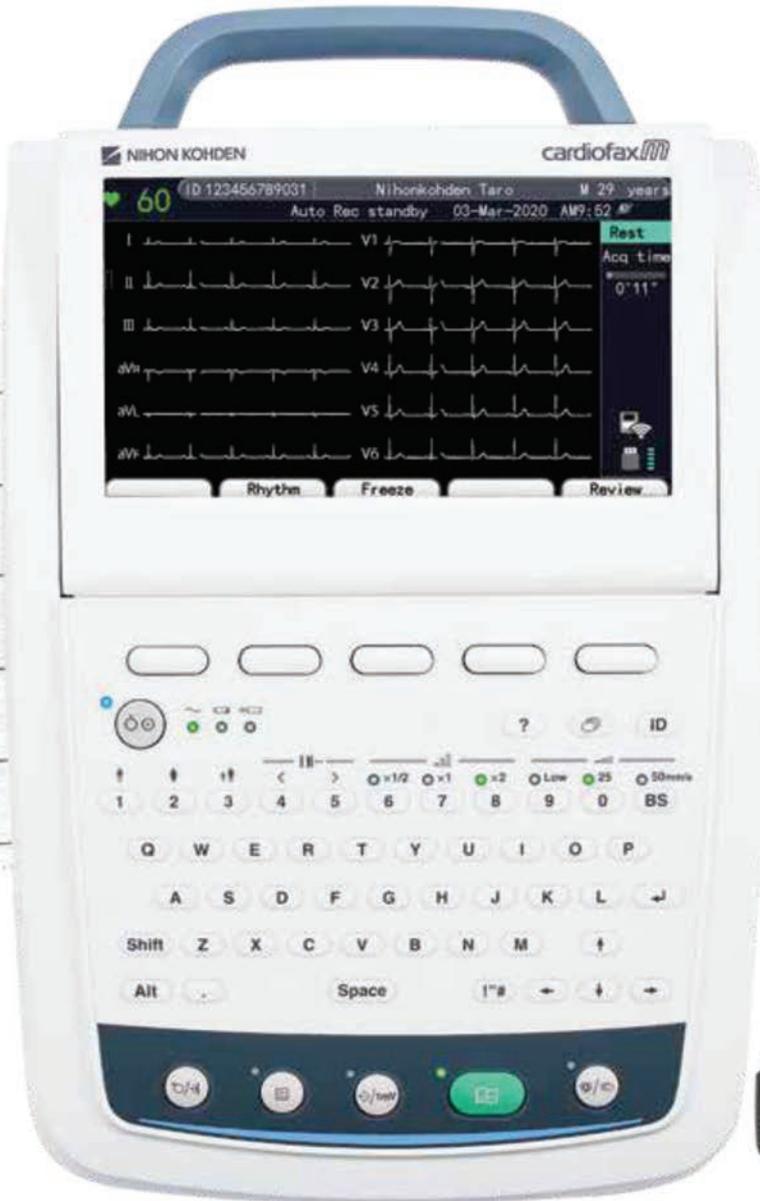

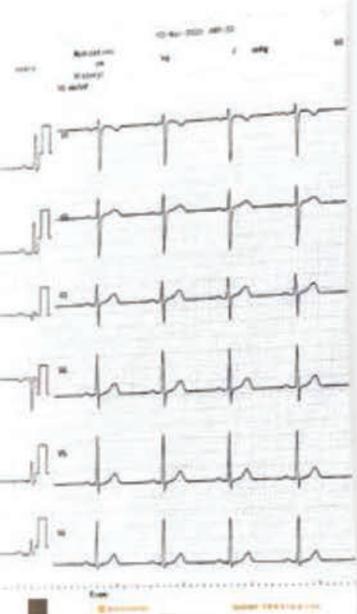

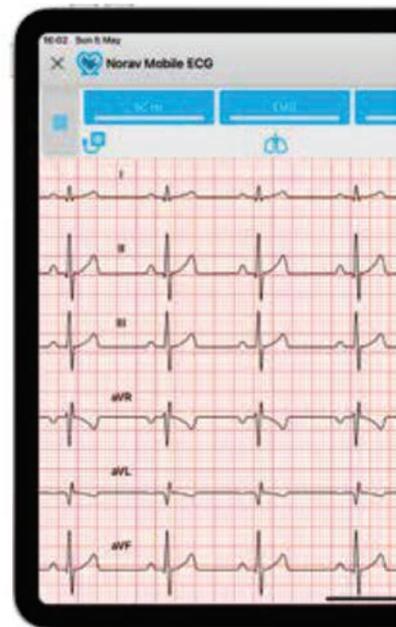

ECG—PC based

Norav

1200M Rest ECG
12 lead rest ECG with interpretation

All-In-One
Rest ECG, Stress ECG and Holter ECG

Stress ECG -Standard and Wireless Versions
12 lead stress ECG, interpretation, database and option to control treadmill or ergometer

Ambulatory ECG Holter Machine

Norav
 PC Based
 5 and 7 lead, 24 hour holter recording for up to 2 weeks

Ambulatory Blood Pressure Machine

Suntech
 Oscar 2
 24hour, 2x AA battery operated

Cardiopulmonary Exercise

Piston
 Cpet 6000
 With option to control treadmill or ergometer

Ergometers and Treadmills

Communication port – able to be controlled by ECG device

Norav
 Medical Grade Ergometers

Stex
 Medical Grade Treadmills

ECG Disposable Electrodes

Ambu
 X-Ray, MRI Radiolucent ECG White Sensor
 4500M, WSRT, CMMS
 Resting ECG / 12-Lead ECG BlueSensor
 M-00A50, M-00S50, R-00S25, Q-00S25

WhiteSensor
 4500M, 4500M-H, WS, WSP25, WSP30

Holter Event Recording and Long-term Monitoring

BlueSensor
 L-00S25, VL-00S25, VLC-00S25

WhiteSensor
 4440M, CMM

Stress Test

BlueSensor
 R-00S25

Short-term Monitoring

BlueSensor
 M-00A50, M-00S50, Q-00S25

WhiteSensor
 4831Q, WS, WS/RT, 4500M, WSP30, 4500M-H

Neonatal Monitoring

WhiteSensor
 40554

Paediatric Monitoring

WhiteSensor
 WSP 25

ECG Consumables

• ECG Thermal Paper
 – 2-fold and rolls, for all Nihon Kohden ECG machines

PATIENT MONITORING

Venus Monitor Range

Nihon Kohden

ECG (3/6/10 lead), Resp, NIBP, SpO₂, 2 x Temp, IBP, CO₂, CO,

Optional: PICCO, esCCO (non invasive CO), BIS, Flow/PAW, anaesthetic gases (module – CO₂, O₂, N₂O, agent), TOF, ventilation (external device), EEG (module)

BSM-3562 (Nihon Kohden), BSM-3552 (Nellcor), BSM-3532 (Masimo)

12.1" display, 2 multiconnectors

BSM-3763 (Nihon Kohden), BSM-3753 (Nellcor), BSM-3733 (Masimo)

15" Display, 3 multiconnectors

Vismo Monitor Range

Nihon Kohden

10.4" ECG, Resp, NIBP, SpO₂, 2x Temp,

PVM-4761 (Nihon Kohden)

PVM-4751 (Nellcor)

PVM-4731 (Masimo)

10.4" ECG, Resp, NIBP, SpO₂, 2x Temp, 2x IBP or CO₂

PVM-4763 (Nihon Kohden)

PVM-4753 (Nellcor)

PVM-4733 (Masimo)

Genesis Monitor Range

Nihon Kohden

Measuring parameters (refer to input units for specific capability) ECG, Resp, SpO₂, SpO₂-2, (Nihon Kohden, Nellcor or Masimo), NIBP, IBP, Temp, CO, esCCO (non invasive CO—optional), BIS, O₂, Picco, CO₂ (mainstream and sidestream), Flow/Paw, anaesthetic gas (CO₂, O₂, N₂O, agent), TOF, ventilation, CCO, EEG (aEEG), tcPO₂, tcPCO₂, SvO₂, rSO₂

CSM-1501

CSM-1502

CSM-1701

CSM-1702

Display range from 12.1" to 18.5" (up to 3 displays possible)

E-Series Monitor Range

Nihon Kohden

10.1" ECG, Resp, NIBP, SpO₂, 2 x temp, 2x optional multi-ports

BSM-2560 (Nihon Kohden)

BSM-2530 (Masimo)

12.1" ECG, Resp, NIBP, SpO₂, 2x temp, 2x optional multi-ports

BSM-2562 (Nihon Kohden)

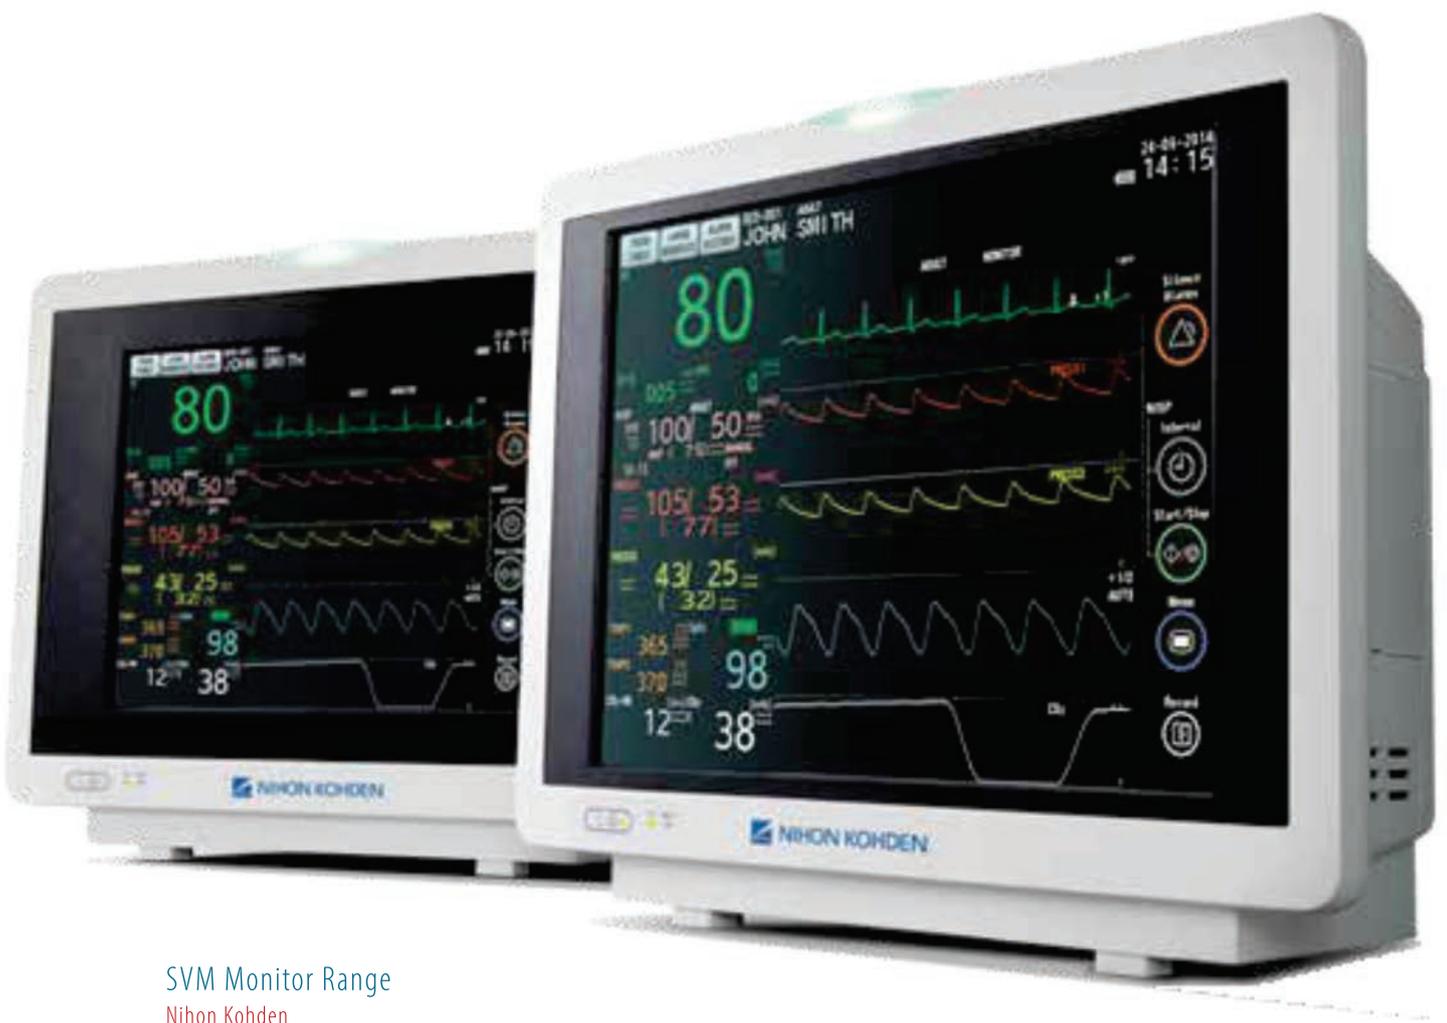

BSM-2532 (Masimo)

15.6" ECG, Resp, NIBP, SpO₂, 1x multiport - (expandable to 3), 2x temp

BSM-2565 (Nihon Kohden)

BSM-2535 (Masimo)

SVM Monitor Range

Nihon Kohden

ECG, Resp, NIBP, SpO₂, 2 x Temp

SVM-7501 (10.4")

SVM-7503 (10.4", 2 x IBP, 1 x CO₂)

SVM-7521

12.1" display

SVM-7523

12.1" display, 2 x IBP, 1 x CO₂

Central Monitoring Stations

Nihon Kohden

CNS9101

16-48 bed

CNS6201

8-32 bed – with transport function

Connectivity

Nihon Kohden

NK-HiQ Enterprise Gateway

Empowers healthcare professionals to deliver uncompromising care by integrating data from multiple patient monitoring devices, allowing easy access to information, regardless of location.

Medical Automation Software

Ordinatrum Solutions

Arc®

Provides a real-time view of the patient's story and status changes at a glance using real-time clinical surveillance with data visualization and proactively identifies risk. This helps clinicians make faster, more accurate, and often life-saving treatment decisions.

Consumables for Patient Monitors

Nihon Kohden

A full range of high quality consumables to ensure accurate measurements, including patented SpO₂ and CO₂ sensors.

PATIENT MONITORING

Transport Monitor Range

Nihon Kohden

Available as Input Units

5.7" Display, 3 multiconnectors

Measuring parameters: ECG (3/6/10 lead), Resp, NIBP, SpO₂, 2 x Temp, CO, esCCO (non invasive CO—optional), BIS, CO₂.

BSM-1763 (Nihon Kohden)

BSM-1753 (Nellcor)

BSM-1733 (Masimo)

Patient Monitor Input Units

Nihon Kohden

Expandable to 11 multiports

Conventional Units

Transport Units

Remote Access Units

MRI EQUIPMENT

MRI Patient Monitoring

MIPM

Tesla DUO
Combined monitoring of
SpO₂ & NIBP

Tesla M3
MRI compatible
monitoring system

MRI Ventilators

Hamilton

Hamilton-MR1
Integrated TeslaSpy.
Independent air supply

Vital Signs Monitoring

NIBP, SpO₂, Temp

Nihon Kohden

SVM-7162K
Ear temp

SunTech Medical

CT-40
Surface temp

Northern Meditec

Aquarius
Skin or ear temp

Continuous EEG Monitoring

Nihon Kohden

CerebAir® Bluetooth
Headset

Telemetry

Nihon Kohden

GZ-130P Telemetry
Transmitter

ECG, RESP, SpO₂

GZ-140P Telemetry
Transmitter

ECG, RESP, SpO₂, NIBP

Pulse Oximeters

Nihon Kohden

OLV-4201

Accessories—MRI

MIPM

- Skin Preparation Gel
- Wireless Pulse Oximetry Sensor
- SpO₂ Adapter
- NIBP Pressure Hose
- NIBP Pressure Cuffs
- Wireless ECG Sensor
- NUPREP Gel
- ECG Electrodes for MRI

VENTILATION

Ventilators

Hamilton Medical

Adult, paed., neonatal.

All modes of ventilation including ASV®, INTELLIVENT®-ASV.

IntelliSync+, High-performance non-invasive ventilation, high-flow oxygen therapy.

P/V Tool®, Transpulmonary pressure measurement, IntelliCuff® Cuff pressure controller.

Hamilton T1 Transportable

Hamilton C1

Hamilton C1- Neo

Hamilton C3

Hamilton C6

Hamilton MR1

Hamilton H900 Heated Humidifier

Infant Ventilators and High Frequency Oscillators

SLE

SLE6000 (H)

With High Frequency Oscillation Ventilation

SLE6000 (C)

Without High Frequency Oscillation Ventilation

SLE6000 (N)

Non-Invasive Ventilation modes

High Flow Therapy and NIV

Hamilton

HF90

Adult, Paed, Neonatal.

With O₂ assist for continuous oxygen adjustment; Pulse, SpO₂, Perfusion Index, PVI, RRP, Plethysmogram, ROX Index, 72 hour trending.

BMC

Bi-level NIV, Non-invasive mask ventilation, High Flow Oxygen Therapy devices.

nCPAP Drivers

nCPAP, Apnea nCPAP, NIPPV, SNIPPV and nasal high frequency ventilation, nasal high-flow oxygen therapy.

Medin

NC3[®]

Blower driven neonatal nCPAP device.

SLE

1500

Air/Oxygen Blenders

Medin

1090 with flowmeter

Hospital Masks

Hamilton Medical

NIV full face and nasal masks

High flow oxygen cannula

Ventilation Accessories

- Flow Sensors
- Pre-assembled Breathing Sets
- Expiratory Valve Sets
- HMEF Filters
- Power Cords
- Dual Limb Breathing Sets
- Pressure Lines for nCPAP/ nCPAP-PC
- cCPAP Accessories
- nCPAP Starter Kits
- CAPNOSTAT-STMCO₂ Sensors
- CO₂ Mainstream Adapters
- CO₂ Sidestream Adapters
- LoFloTM Sidestream CO₂ Sensors
- Adapter 15mm M/F
- H900 Accessories
- High Flow Oxygen Therapy Accessories
- High Frequency Oscillator Circuits

EMERGENCY CARE

Resuscitators

Ambu

Reusable,

Oval Silicone Plus

Adult, paed., neonatal

Mark IV

Two sizes covering full patient spectrum

Disposable

Spur II

Adult, paed., neonatal

Emergency Ventilators

Hamilton Medical

Hamilton T1

Adult, paed., neonatal

Aviation approved.

All modes of ventilation including ASV, (optional INTELLiVENT), high flow oxygen therapy, NIV and nCPAP options.

Military Spec Hamilton T1 model available

Extraction Collars

Ambu

Defibrillators

Nihon Kohden

TEC 5600 Series

6.5" colour display, manual defibrillator-NIBP, CO₂ and SpO₂ optional

TEC5621K

External paddles, disposable pads (option), internal paddles (option), 3/6 lead ECG, cardioversion, AED mode, recorder

TEC5631K

External paddles, disposable pads (option), internal paddles (option), 3/6 lead ECG, 12 lead ECG, SpO₂, NIBP, temperature, multi-connector for CO₂ or IBP.

TEC8352K

8.4" colour display

EMS-1052

6.5" colour display, WiFi and Bluetooth

Automated External Defibrillators

Nihon Kohden

Semi-Automatic

Cardiolife AED-3100

Non-rechargeable battery only

Cardiolife AED-2152

With screen. Rechargeable battery option

HOSPITAL FURNITURE

ICU Beds

Baxter Hillrom

Progressa

Full chair egress mode; in bed scale; 3 mode exit alarm; rotation therapy; percussion and vibration

Baxter Hillrom

900 Accella

CPR lever; one touch side egress; slideguard tech; Inelegant night light; 3 mode exit alarm

Ward Beds

Baxter Hillrom

Centuris / Centuris Pro

Rapid self-lowering siderails; centralized braking; handheld pendant control; Trendelenburg/reverse Trendelenburg; supports up to 220kg

Speciality Beds

Baxter Hillrom

Compella Bariatric Bed
*Powered width expansion;
 bed exit alarm; IntelliDrive XL;
 integrated scale; pulmonary
 management*

Baxter Hillrom

Affinity 4 Labour and
 Delivery Bed
*Infinite positioning calf;
 Lift off foot section; grip handles
 for patient comfort; V-shaped
 mattress; fluid basin*

Stretchers

Baxter Hillrom

P8000
*Fifth wheel; upright cassette
 holder and radiolucent deck; zero
 transfer gap; knee gatch*

Mattresses

Baxter Hillrom

*Full range of mattresses available
 for hospital bed offerings*

Miscellaneous

Aegea

Trollies
*Crash carts, medicine
 trollies, stainless steel
 trollies*

Examination Lights
*Ceiling mounted, wall
 mounted, mobile*

EMG

Nihon Kohden

MEB-9600 Desktop System
2, 4 channel EMG/EP measuring system

MEB-9600 Portable Laptop System

With carry bag or trolley

MEB-2300

6, 12 channel EMG/EP measuring system

IOM (Intraoperative Monitoring)

Nihon Kohden

MEE-1000, MEE-2000

Intraoperative monitoring systems. 16, 32 channels. Up to 25 stimulation channels

Ambulatory EEG

Lifelines

TrackIt T4

Up to 32 referential channels and 4 poly channels.

- Upgradable to polysomnogram device
- Upgradable to include video recording

DIAGNOSTIC EQUIPMENT: SLEEP

Polysomnography Systems

Nihon Kohden

EEG1200

With sleep analysis software, video option

PSG1100

32 channels, including neuro, cardiac, CO₂

Polysmith Sleep Analysis Software

Polysomnogram Devices

BMC

Biossays B240plus

Throughput 240 t/h

Reagent Positions: 45

Biossays C8

Throughput single module 1600 t/h

Reagent Positions: 72

Sample load capacity: 300

Immunology Analysers

Snibe

No pause loading and unloading of samples and reagents

Calibrators and controls included

Maglumi X3

Throughput 200 t/h

20 refrigerated reagent positions

Maglumi X8

Throughput 600 t/h

42 refrigerated reagent positions

300 sample positions

Haematology Analysers

Comen

Throughput 90 t/h

Sample volume 27µl

Parameters 28, research parameters 6

Sampling modes: venous whole blood, capillary, prediluted

CH8600

CH8600CRP

Integrated CRP testing

Norma

Icon 5 OP

The smallest laser-based 5-diff haematology analyser

Automated Urine Microbiology

Keyu

AI identification of cells, crystals and parasites

KU-600 Urine Microscopy

Throughput 30 s/h

KU-2800 Urine Microscopy

Throughput 80 s/h

Integrated dry chemistry testing

Automated Fecal Microbiology

Keyu

AI identification of cells, crystals and parasites

Ova and parasites special test

Mode: flotation method and sedimentation

KU-F600 Fecal Microscopy

Throughput 30 s/h

KU-F40 Fecal Microscopy

Throughput 60 s/h

Immunofluorescence Analyser

Getein Biotech

60 parameter assays

Getein1160

5 channel, 4 simultaneous tests

Getein1180

8 channel, 7 simultaneous tests

Blood Gas Analyser

Techno Medica

Bloodgas, electrolytes, glucose, lactate & tbil

GASTAT-710

GASTAT-720

GASTAT-730

GASTAT-735

Vein Finder

MAJUTECH

Vein View 200

Advanced infrared vein viewer

Guideline assists in precise injection locations

Point of Care Analysers

PAL Finland

Albio®

POC blood alcohol level testing

Time to result 25 sec

Konsung Medical

H7 Haemoglobin Analyser

Reagent free

Time to result <3 sec

Measurement range: 0-25.6 g/dl

Eurolyser Diagnostica

Cube-S

Cartridge-based system, integrated

QC self-test, results in minutes

BLOOD MANAGEMENT

Blood Collection Bags

JMS

- Single Blood Bags
- Double Blood Bags
- Triple Blood Bags
- Top-bottom or top-top configurations*
- Quadruple Blood Bags
- Whole Blood In-Line Filters
- Dry Blood Collection Bags
- Cord Blood Bag Collection Sets

Blood Collection Disposables

Vacucare

- Blood Collection Tubes
- Evacuated, sterile blood collection tubes*
- Micro Blood Collection Tubes
- Blood Collection Needles and Accessories.
- Needles, safety collection sets, tube holders, safety lancets, sharps disposal containers, Tourniquets (adult/paed.)*

Blood Collection Equipment

JMS

- Hemoscale AB50
- Blood collection scale/mixer*
- Blood Tube Stripper
- Aluminium Sealer Clips

Conroy

- Benchtop Tube Sealers*
- QSeal Opti
- QSeal Multi
- Portable Tube Sealers*
- QSeal Air
- QSeal Handy
- QSeal Free
- QSeal Power
- Portable Automatic Tube Stripper*
- QStrip

Blood Collection Furniture

Qualimed

- ComfyCouch D4
- Automated, for blood donation*
- ComfyCouch C2, C2F
- Fixed site or portable*
- ComfyCouch C102
- For aphaeresis and blood donation*

LMB

- Portable Donor Bed DL100
- Foldable, lightweight with wheels*

Blood Processing Bags

JMS

Single Transfer Bags

150 ml; 300 ml 600 ml; 1000 ml

Paediatric Transfer Bags

RBC/plasma storage and platelet storage versions

Pooled Platelet Storage Systems

Disinfection Accessories

Steelco

• Inserts for Washer

Disinfectors

- Surgical instruments
- Laparoscopic equipment
- Baby bottles
- LAB/dental equipment
- Theatre shoes
- Da Vinci instruments

• Other

- Bowls
- Trays
- Trolleys

• For Endoscope Washers

- Tray inserts for flexible, rigid and video/fibroscopes
- Transport trolleys
- Cassette storage units
- Endoscope connectors and adaptors for all makes of scopes

Cleaning Detergents

Bawoma

• Microtol General Cleaners

- All purpose cleaner

• Microtol Hand Hygiene

- Hand soap
- Hand rub
- Handi wipes

- Barrier cream

• High Level Disinfectant and Cold Sterilant

- Gcide PLUS strips and detergent new formulation

Dr Weigert

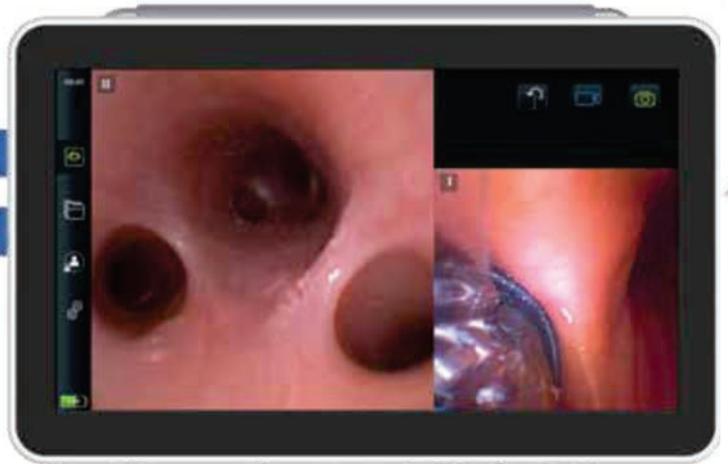

• Neodisher Detergents

- Mediclean Forte, Mediklar, FA, N, SBR, SBK, Neoblanc, IP spray, ENDO Clean, Prestop, Neoform K plus

CONSUMABLES : INTERVENTIONAL

Fluid Management

Namic

Our range of kits includes:

- Custom Kits
- Cath Lab Kits
- Interventional Radiology Kits
- Left Heart Kits

Fluid Management Components

Namic

- Angio Collection Systems
 - Angiographic Introducer Needles
 - Contrast Management System
 - Controls Injection Lines
 - Fluid Delivery Sets
 - High Pressure Stopcocks
 - Manifolds
 - Pressure Monitoring Lines
 - TR Band
 - Y-Adaptors
- Including Gateway*

Inflation Devices

Medline

- Medline Inflation Device

Sheath Introducer Sets

Sembu

- Transradial
- Femoral
- Hydrophilic

Angio Syringes

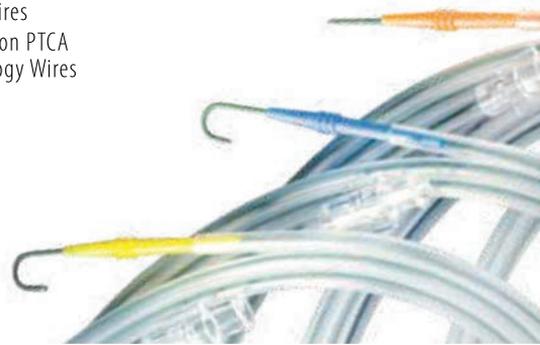

Namic

- Angio Dose Control Syringe
- Thumb Ring Style
- Palm Pad Style
- Coloured Polycarbonated

Guidewires

SP Medical

- Standard Seldinger Wires
- Single ended, double ended, movable core*
- Lunderquist PTC Wires
- Schüller PTC Wires
- Poseidon Hydrophilic Wires

- Bi or Tri
- Coiled
- High pressure

Extras:

- Scalpels
- Suction tube
- Equipment covers
- Towels
- Suture bags
- Gowns
- Drug labels
- Wound care
- Forceps
- Diathermy needles
- Surgical markers

Draping Systems and Custom Solution Packs

Sembu

SSEM Mthembu's local sales and support teams specialize in assembling customized packs tailored to specific procedural requirements.

The most common procedure packs include the following:

- Upper and lower extremity for orthopaedic procedures
- Vascular access
- Urology
- C-section
- Arthroscopic procedures
- Angiography
- Ophthalmic
- Hysterosalpingography (HSG)

OXYGEN, SUCTION AND DRAINAGE

Oxygen Flow Meters

ADVANCED WOUND CARE

Autologous Wound Care System

RedDress

Actigraf® Kit

An autologous, point-of-care wound management solution created from the patient's whole blood. Once applied, the blood clot serves as a protective covering and optimizes the body's own healing potential.
